“ **Dear Reader,**

The last quarter was a very happening one and we are happy to share some of the major events of the school. Habibians have a very holistic learning experience and you will see that it's not just academics, but a lot more than that. We try to live up to the pledge of making each day count and give our students an experience which builds confidence and refines their skills. Keep in touch with us through our Facebook and Instagram platforms also. Hope you enjoy this edition of the newsletter.

“ **Editor's Note**

HGS,HSS aims to provide student-centered learning by engaging them in various meta-curricular activities. One of these is Project-based learning which leads the students to have exposure to critical thinking, problem-solving and decision making. These activities are designed to chronicle students' involvement, leadership and awards at the end of the year. The skill of balancing the academics with such activities is what every section builds in a student.

Happy Reading!

Mr. Muslim Habib

The current Chairman of the Habib Education Trust, Mr Muslim Habib, has always shown deep interest in the Academic and Extra curricular program of HGS. As the first Managing Trustee of HET he made sure to attend all school events and was highly appreciative of the efforts put in by students and faculty. We are very grateful for his support and look forward to his constant presence in school events always.

INVOTECH 2023

Innovation and Imagination through STEAM

The Invotech was a spectacular event that showcased the talent and innovation of students in the fields of Science, Technology, Engineering, Art, and Mathematics. The event was a collaborative effort by Logicians, Futuristics, and Bits and Bytes—the Math, Science, and Computer societies respectively. Over fifteen schools from all over the city visited the STEAM project displays and participated in the Roboleague.
