Marya Khozema Darukhanawala was celebrated with the Star Alumna Award at our prestigious High Achievers Award Ceremony. Presented by Managing Trustee, the award honors her exceptional academic and leadership journey. As a Chancellor's Yohsin Medalist from Habib University, she represents the pinnacle of merit and social integrity. Her transformation from a shy student into a confident visionary is a shining example of the Habibian spirit. She continues to inspire our community by demonstrating that character and excellence are the keys to global success.

Reconnecting with her roots, Marya shared profound insights into the courage and curiosity that fueled her achievements. Her initiatives in social responsibility and her commitment to ethical leadership reflect the very heart of the HGS mission. We are honored to feature her story as a reminder that the seeds of greatness sown in our classrooms blossom into leaders who change the world.

For years, these spaces have nurtured creativity, critical thinking, and hands-on learning beyond textbooks. Central to HGS's academic journey, the labs continue to empower students with the confidence and competence to thrive in a rapidly evolving digital era.

Upgraded with modern systems and improved infrastructure, they now offer a more dynamic and interactive learning environment. Designed to support both foundational skills and advanced technological exploration, these enhanced labs reflect Habib Girls' School's commitment to innovation, excellence, and preparing students for a rapidly advancing digital future.
