JOURNEYS *BEYOND* HABIB

FARAH ZAIDI UNIT HEAD, JS BANK

Reconnecting with her roots at the recent Alumni Dinner, Farah Zaidi (Batch of 2000) shared a nostalgic reflection on the foundation HGS provided for her successful career in the banking sector. Currently serving as a Unit Head at JS Bank, Farah credits her school for more than just academic knowledge.

"Being back at HGS is like a major throwback. Running through these corridors and standing in the early morning assemblies—it feels like it happened just yesterday," Farah shared.

During her visit, she highlighted how the school's environment fostered the leadership skills she uses today. "HGS taught us more than just what was in the books; it gave us the confidence to step out and lead. To see the school grow while keeping that same warm, welcoming spirit alive is truly heartwarming." For Farah, the Habibian identity remains a lifelong bond: "No matter where we are in our careers, we are always Habibians at heart."

No achievement is big or small! If you'd like to get featured in the newsletter, reach out to us at hps.communications@habibschoools.edu.pk, and we'll take it from there.

THEN VS NOW: *A CAMPUS* **REIMAGINED**

THE CREATIVITY HUB: PRE-PRIMARY ART ROOM

For decades, the Pre-Primary art area was a space of simple wonder and a familiar sanctuary for generations of Habibians. In this traditional classroom setting, students first learned to hold a paintbrush at classic wooden desks, surrounded by the green chalkboards and modest tools that defined their early academic journey. While the environment was analog, focusing on fundamental techniques with paper and pencils, it was always filled with the warmth of encouragement.

THEN VS NOW: *A CAMPUS* **REIMAGINED**

2020 VS 2025

The Pre-Primary Art Room has been reimagined as a high-energy "Discovery Hub" and a state-of-the-art creative sanctuary. This vibrant, modernized zone moves beyond traditional layouts to provide a welcoming atmosphere with ergonomic, child-friendly furniture and colorful, future-ready infrastructure. The space now blends hands-on projects with high-quality facilities, featuring digital screens that allow teachers to explain techniques interactively. Ensuring every brushstroke builds confidence and turns artistic discovery into a meaningful journey for our youngest learners.

CAUGHT *ON* CAMPUS

RESILIENCE SESSION FOR GRADE 10

At Habib Girls' School, academic excellence is paired with emotional strength to prepare students for a constantly changing world. Wellbeing Counselor Anusha Muzafar recently conducted an impactful session on Resilience for our 10th graders, focusing on the power of "bouncing back" and managing pressure with grace. By nurturing psychological grit and emotional agility, HGS ensures that every young woman is equipped to navigate her future academic and professional challenges with confidence and clarity.

HGS X ROBOTMEA MOU SIGNING

Habib Girls' School signed a Memorandum of Understanding with Robotmea to establish Discovery and Innovation Hubs on campus. Represented by Principal Ms. Farzana Jamal and HET CFO Mr. Rehan Kazmi, this partnership aims to equip students with Industry 4.0 skills through hands-on engagement with Robotics, AI, and IoT. This collaboration also includes specialized faculty certification, ensuring our curriculum remains at the forefront of technological innovation and STEAM education.

MERI SEHAT STAFF WELLNESS ORIENTATION

Recognizing that educator well-being is the cornerstone of a healthy learning environment, HGS recently hosted an insightful health awareness session with the expert team from Meri Sehat. The orientation provided teachers and staff with professional medical insights and practical strategies for maintaining physical health and nutritional balance. By bringing these wellness resources directly to our faculty, the school continues to foster a supportive workplace that empowers our mentors to take charge of their own health journeys.

WWF PAKISTAN: ENVIRONMENT AND SUSTAINABILITY TRAINING

Students of HGHSS recently participated in an insightful training session conducted by WWF Pakistan on Environment and Sustainability, focusing on Capacity Building for Sustainable Development and Climate Action. The session aimed to raise awareness among students about pressing environmental challenges and the importance of adopting sustainable practices in everyday life.

SCHEDULE

UPCOMING EVENTS FOR MAY 2026

★ LABOUR DAY

★ MOTHERS' DAY

★ EID UL-ADHA

★ BEST OF LUCK FOR EXAMS

★ SUMMER VACATIONS

BRIDGING *GENERATIONS*

Once a Habibian, always connected! Return, give back, and shape the future.

HOW YOU CAN MAKE AN IMPACT:

Talk About Your Career

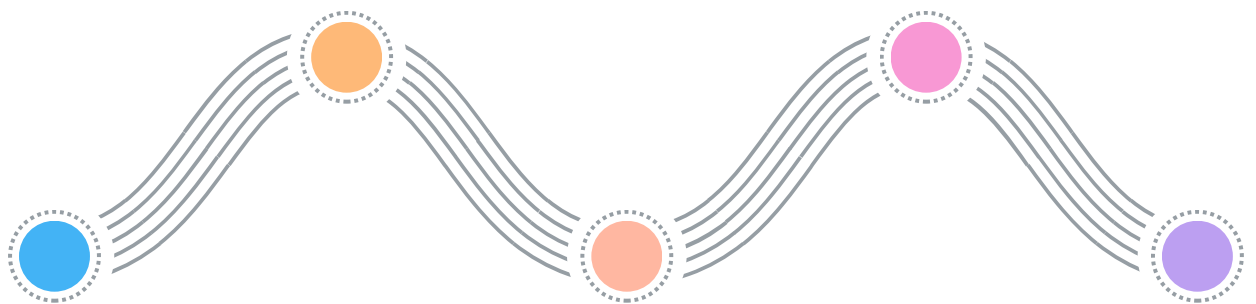

Share real-world job experiences and career paths.

Host a Wellbeing Session

Guide students through regular group mentoring sessions.

Mentor a Group of Students

Share startup stories and business tips for young minds.

Teach a Skill

Teach useful skills like public speaking, writing, or coding.

Help Arrange a Field Trip/ Internship

Inspire students through community work and activism.

Every small effort matters! If you'd like to give back in any of these ways, reach out to us at hps.communications@habibschoools.edu.pk, and we'll take it from there.

HABIB EDUCATION TRUST

ACE Program (Academic Capability Empowerment)

The Habib Education Trust believes that financial challenges should never limit a child's access to quality education.

Through ACE Program, deserving students from underprivileged families are given the opportunity to study at Habib Schools through a dedicated entry route. ACE scholars receive full support, including:

- 100% school fee subsidy
- Free transportation
- Textbooks and learning materials
- Complete school uniform
