JOURNEYS BEYOND HABIB

SAMINA TARIQ

BATCH OF 1974 | FORMER ART TEACHER

Returning to Habib Girls' School for the alumni dinner after decades was a deeply emotional and nostalgic experience. For Samina Tariq, a proud alumna of the Batch of '74, walking back through the campus gates brought childhood memories rushing back, from sitting in circles near the canteen with friends to learning how to play baseball during election time.

Reflecting on her journey, Samina pursued a fulfilling 25-year career as an art educator. Looking back, she fondly notes how stepping into the shoes of an educator gave her a newfound appreciation for her own mentors at HGS, finally understanding the care behind every lesson and guidance. Her story stands as a beautiful testament to the lifelong impact of a Habibian education, coming full circle from student to inspiring teacher.

Once a Habibian, always a Habibian!

No achievement is big or small! If you'd like to get featured in the newsletter, reach out to us at hps.communications@habibschools.edu.pk, and we'll take it from there.

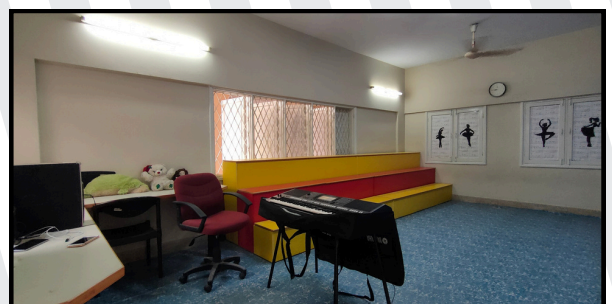

THEN VS NOW: *A CAMPUS* **REIMAGINED**

THE MELODY HUB: PRE-PRIMARY MUSIC ROOM

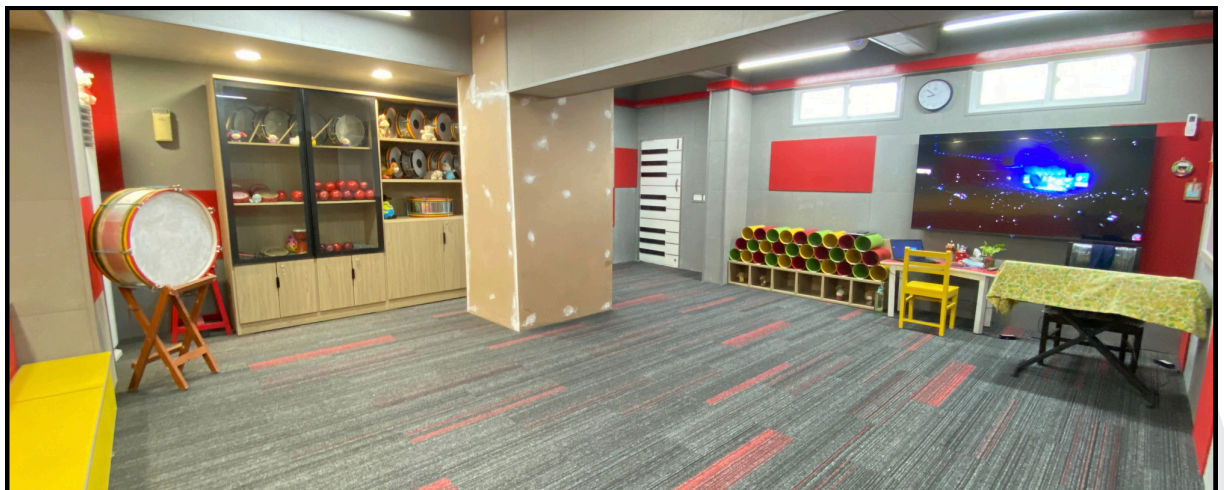

For years, the Pre-Primary music area served as a warm, traditional sanctuary of rhythm and melody where young students gathered eagerly around colorful tiered seating and the instructor's keyboard. Surrounded by bright blue storage lockers and cheerful wall decor, the conventional environment relied on fundamental teaching tools. It was always filled with the joy of singing, clapping, and the first notes of shared artistic expression that shaped our students' earliest school memories.

THEN VS NOW: *A CAMPUS* **REIMAGINED**

A WORLD-CLASS MODERN MUSIC FACILITY

The newly built Pre-Primary music room has been completely transformed into a world-class creative jamming space built to international standards, featuring complete soundproofing, soft carpeting, and colorful tiered seating. Learning flows seamlessly as students explore rhythm and melody in an immersive, inspiring environment equipped with modern display cabinets housing hand drums, rattles, maracas, tambourines, and various percussion instruments. This upgraded, future-ready facility provides the perfect setting for our youngest Habibians to build a lifelong love for the arts.
