NEWSLETTER

Dear Habib Girls' School Family,

November has been a month of remarkable energy and achievement across our campus. From commemorating Iqbal Day and exploring science at TDF MagnifiScience to hosting Elevate 3.0, Invotech 2.0, and our vibrant Open Day, our students continue to shine in every sphere.
We are also proud to inaugurate our brand-new Pre-Primary Innovation Hub, bringing early robotics and STEAM learning to our youngest learners. Thank you to our dedicated faculty and supportive families for making HGS a place where curiosity leads the way and young minds thrive..

Best regards,

Farzana Jamal

Principal
Habib Girls' School

Editor's Note

Dear Fellow Habibians,

Welcome to the November edition of our HGS Newsletter! What an exhilarating and memorable month it has been across our campus. Filled with incredible highlights—from welcoming visiting schools to Elevate 3.0 and showcasing cutting-edge innovation at Invotech 2.0, to opening our doors to families on Open Day and inaugurating the brand-new Pre-Primary Innovation Hub—November has truly celebrated our creativity, intellect, and Habibian spirit.

As we turn the pages of this newsletter, we celebrate not just the milestones, field trips, and competitions, but the dedication, teamwork, and joyful curiosity of every student and teacher behind them. I hope these stories inspire you just as much as they have inspired us!

Kind Regards,

Aira Wasay

Head Girl
Habib Girls' Higher Secondary Section

SCHOOL EVENTS

Interhouse Urdu Elocution Competition

On November 4, 2026, the Primary Section at Habib Girls' School held an Interhouse Urdu Elocution Competition for Grade 3 students to commemorate Iqbal Day. Young speakers delivered expressive speeches and poetry honoring Allama Muhammad Iqbal's message, gaining valuable public speaking confidence and celebrating our literary heritage. The event concluded with certificate distribution recognizing the winners for their impressive performances.

Invotech 2.0 – Reality Recoded

Habib Girls' School recently hosted Invotech 2.0 – Reality Recoded, a dynamic STEAM exhibition where secondary students showcased cutting-edge technology and innovative hardware projects. Highlights of the event included immersive Virtual Reality (VR) experiences, IoT automation prototypes like MediGesture, and interactive educational games such as Mathopoly. Students also set up vibrant entrepreneurial stalls featuring custom-made products like artisanal soaps and playdough kits. Faculty, school leadership, and visiting guests engaged enthusiastically with the young innovators, applauding their technical creativity and problem-solving skills. The successful event served as a true celebration of future-ready learning and student empowerment at HGS.

OPEN DAY 2026

On November 15, 2026, Habib Girls' School hosted a vibrant and successful Open Day, welcoming parents, educators, school leaders, and prospective families to experience the complete Habibian journey firsthand. Throughout the day, visiting parents toured the campus facilities, explored our engaging Pre-Primary classrooms, and witnessed students in action across specialized learning spaces. A major highlight of the event was the bustling Innovation, Robotics, and STEAM labs, where students proudly showcased their hands-on projects—ranging from IoT sensors and coding prototypes to interactive educational games like Mathopoly. Guests also explored displays highlighting our Secondary Section's academic excellence, student-led entrepreneurial ventures, and impressive collection of sports trophies. Alongside academic and project exhibitions, families enjoyed energetic karate displays, fun outdoor games, and lively play and food areas. Teachers and students interacted warmly with visitors, offering insights into HGS's holistic approach to nurturing curiosity, leadership, and creativity. The event was a memorable celebration of student talent and community spirit, leaving parents inspired by the dynamic learning environment at Habib Girls' School.

ELEVATE 3.0

From November 3 to 6, 2026, the Secondary Section at Habib Girls' School proudly hosted Elevate 3.0, an exciting inter-school competition bringing together talented students from across the city for a week of creativity, intellect, and innovation. Participants competed across a wide range of categories, including Art Fusion (Kinusaiga & Diorama Miniature), Imaginarium Chronicles (English Storytelling), Battle of the Brains (Mathematics), and Izhar-e-Sukhan & Kathputli Kahani (Urdu Elocution & Puppet Storytelling). Young innovators also showcased their technical and entrepreneurial prowess in ByteBattle, Robo Soccer, the LFR Tournament, and Pitch Masters. The event fostered healthy competition, leadership, and collaboration among students, concluding with a celebration of outstanding performances and creative excellence across every discipline.

BUILDING FOR THE FUTURE

EMPOWERING OUR YOUNGEST LEARNERS WITH STATE-OF-THE-ART STEAM FACILITIES AND EARLY ROBOTICS EDUCATION.

Habib Girls' School has inaugurated its brand-new Pre-Primary Innovation Hub, a state-of-the-art learning space designed specifically for our youngest learners. This vibrant facility integrates interactive smart screens, collaborative modular workstations, and hands-on STEAM learning tools into early childhood education. Under expert guidance, pre-primary students engage in early robotics, tactile problem-solving, and constructive play, fostering critical thinking, creativity, and digital literacy from day one.

By introducing foundational science, technology, engineering, arts, and mathematics at the earliest stage, HGS ensures children develop a lifelong love for learning. This visionary addition reflects our commitment to modernizing educational infrastructure and equipping students with future-ready skills, bridging foundational education with cutting-edge technological inquiry

STUDENT CORNER

Visit to TDF MagnifiScience Centre

On November 12, 2026, Primary Section students at Habib Girls' School visited the TDF MagnifiScience Centre for an engaging, hands-on educational field trip. Through interactive exhibits—including light boards, human anatomy displays, and physics activities—students explored scientific concepts beyond the classroom, sparking curiosity and active discovery.
