“

Dear Reader,

The beginning of 2023 has come with a lot of blessings. The students and faculty have been engaged in many curricular, co-curricular, and, sporting activities that also include exceptional performances in some of the events at the Interschool and National levels. The next quarter of 2023 will be focused more on completing the syllabus and preparations for the annual examinations.

I wish our faculty and students all the best in their future endeavors.

”

Minhas Tejani
Principal
Habib Public School

**Editor's Note**

“

Life indeed goes by fast when one enjoys the time spent at such a quality institution. Truly, Habib Public School is nothing less than a spectacle- an invisible driving energy pushing its students to break boundaries and think out of the box. The in-house facilities and the co-curricular activities contribute to students' practical learning and help them understand the genuine values of life. The mentors who motivate the students to reach their best, who understand and nurture a student's emotions, build their confidence, and truly unlock their potential are no doubt the teachers. In the end I want to remind you all to keep dreaming big to achieve your goals and never give up !
Happy reading!

”

Class X-A
Editor in Chief

CAREER SYMPOSIUM

01.

To foster well-rounded guidance and help our students with their career prospects, Habib Public High school in collaboration with HPS Alumni Association organized a Career Symposium. The session began with keynote speaker Mr. Minhas Tejani Principal HPS. Alumni who are associated with different fields in Pakistan were invited as guest speakers. They conducted one-on-one mentoring sessions with students where they discussed the field of their choice.

LEADER IN ME

The Leader in Me program was initiated this year as an attempt to motivate the students and instill in them the ability to excel in the real world. It has been a massive success as students are not only willing to understand newer perspectives but are also starting to embrace the change in others. The environment in Habib Public School is becoming more compassionate, polite, and caring as the students have started to look out for each other and assist their peers as well. There also has been an overwhelming wave of teamwork and creativity shown by students as they discover new ways to take on challenges and are ready to uphold responsibilities. The Leader in Me Program is helping everyone become a better version of themselves.

09.

Habib Public High School Open Day

10.

Habib Public High School organized the admission launch Open Day on 21st January 2023. It was a great success as more than 200 prospective students and families visited the campus to explore the high school's facilities and programs.

The day started with an orientation session where the Principal of Habib Public High School gave a special keynote speech on leadership and future careers. The speech aimed to give prospective students an idea of the high school's philosophy and how it prepares students for their future endeavors. After the orientation session, the visitors were divided into groups and taken on a tour of the high school's facilities. The tour included a visit to the classrooms, labs, library, and other facilities. In addition to the tours, 15 different informative sessions were conducted throughout the day. The art display and music were also a center of attraction during the open day. The interactive sessions and activities allowed the visitors to get a glimpse of what it would be like to be a student at Habib Public High School.
