## Equality in Education

8

The Habib Education Trust is committed to making high-quality education accessible to all through HPS and HGS, regardless of their financial background. Every year, the Trust helps countless families pay their child's school tuition fees as well as many various school-related expenses (e.g., the cost of textbooks, uniforms, stationery, transportation, etc.). The Trust is committed to your child's right of privacy and thus has a strictly enforced rule of anonymity with regards to which students may be receiving financial aid. Neither teachers nor students will be made aware of which students are on aid and which are not, and this helps to promote a sense of dignity and equality for all in the classroom.

## How your donation helps

For six decades, the schools have been providing quality education to the financially challenged children of our country, providing education for empowerment. We believe education has the power to change not only individuals' lives, but the generations. With the help of our esteemed donors, we continue transforming the lives. Every contribution is valued greatly and managed fairly.
