

A group of men, likely alumni, are gathered in front of a large projection screen. The screen displays a desktop interface with various icons, suggesting a presentation or a meeting. The men are dressed in formal attire, including suits and traditional Indian clothing. One man in a grey suit and blue tie is shaking hands with a man in a brown jacket. Another man in a dark suit and black tie stands next to him, smiling. To the right, a man in a dark blue traditional Indian kurta is looking towards the group. In the background, other men are visible, some looking at the screen and others talking. The setting appears to be an indoor event space with a large red curtain on the left and a blue wall on the right.

## MANSOOR SULTAN

GENERAL MANAGER OPERATIONS – PREMIER SYSTEMS PVT. LTD

A Legacy of Excellence and Leadership From the Batch of 1995-96, Mansoor Sultan stands as a testament to the enduring spirit of Habib Public School. Currently serving as the General Manager Operations at Premier Systems Pvt. Ltd., Mansoor's journey was paved on the very grounds where he once captained the school's volleyball team.

Reflecting on his time at HPS, Mansoor attributes his professional success entirely to his alma mater. "The secret to my progress and success in life is solely Habib Public School," he shares. For him, HPS provided a phenomenal environment where mentors like Sir Iqbal, Sir Salim Raza, Mrs. Sohail, and Sir Syed Ain shaped students into the leaders they are today.

Witnessing Exponential Growth Returning to the campus, Mansoor is awestruck by how the facilities have multiplied. He believes the school's resources including two swimming pools and an indoor gymnasium are unmatched by any other institution in Pakistan.

# THEN VS NOW: *A CAMPUS* **REIMAGINED**

## **JUNIOR ICT LAB**

For decades, the Junior ICT Lab at Habib Public School stood as a foundational space where young students first encountered the world of computing. Humble in its appearance but profound in its impact, it was here that generations of students learned the essential discipline of digital literacy. For many, this space became a hub of discovery, where early curiosity about technology took root and shaped the technical skills required for an evolving world. Cherished by Old Habibians, the lab remains a lasting symbol of HPS's long-standing commitment to nurturing young minds through early exposure to innovation.

# THEN VS NOW: *A CAMPUS* **REIMAGINED**

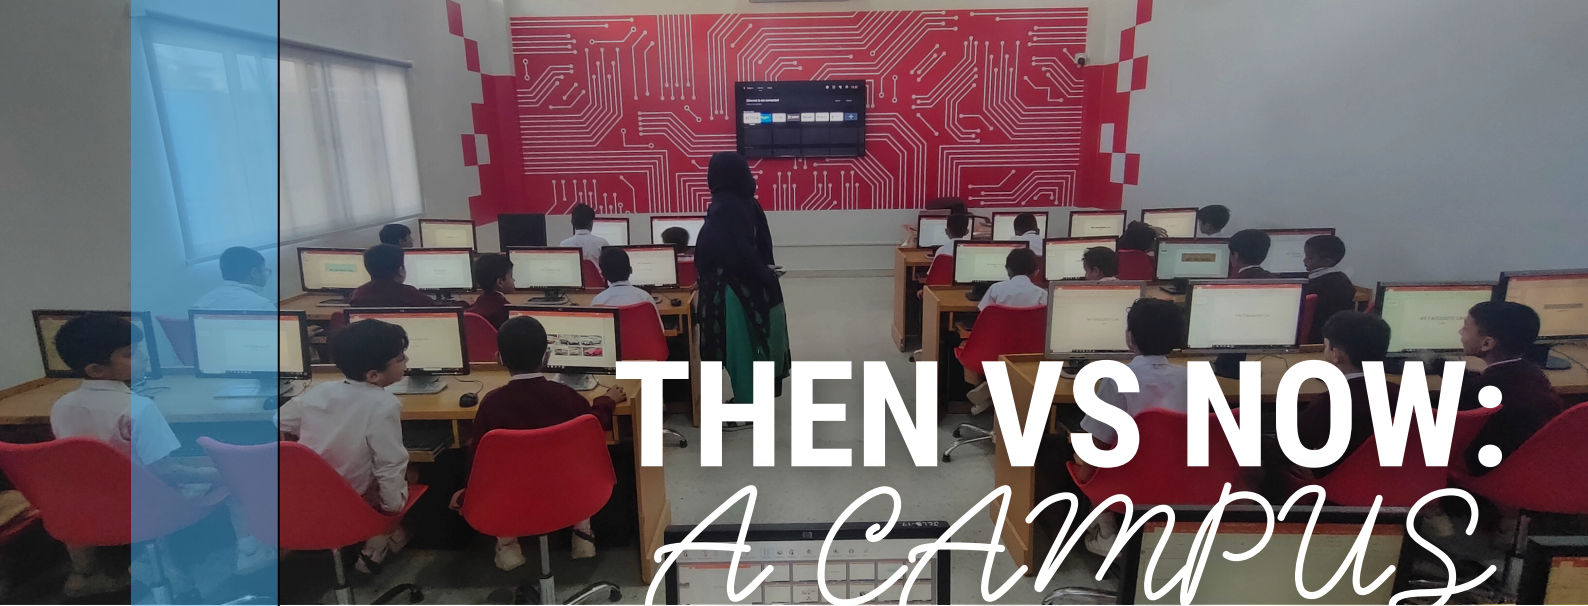

## MODERN ICT LAB FOR JUNIORS

A new chapter unfolds at Habib Public School, celebrating imagination, innovation, and the joy of digital discovery. The newly transformed Junior ICT Lab is now a vibrant hub, reflecting our commitment to digital advancement and holistic education. What was once a simple computer corner has been reimagined into an inspiring space where curiosity thrives and learning comes alive. Here, technology meets creativity, allowing our young learners to explore, experiment, and innovate, shaping the digital leaders of tomorrow.

# THEN VS NOW: *A CAMPUS* **REIMAGINED**

Every detail of this beautifully reimaged space reflects our deep belief that education should do more than inform it should truly inspire. The newly transformed Junior ICT Lab is a vision proudly realized, where young Habibians are encouraged to explore boldly, think creatively, and dream without limits. It is a place where books meet bytes, blending foundational learning with the excitement of digital discovery.

Equipped with modern workstations, interactive visual tools, and engaging learning resources, the lab transforms every lesson into an experience filled with curiosity and joy. This dynamic, multi-sensory environment invites hands-on exploration, sparks imagination, and nurtures confidence in young learners. We are genuinely excited and deeply honored to offer our students a space that so perfectly embodies our philosophy of Making Learning Fun, while preparing them for a future shaped by innovation and creativity.

A group of students in uniform, likely a marching band or flag team, are standing in formation. They are holding large green and white flags with red and black accents. The background shows a city skyline with tall buildings.

## THE GREAT ALUMNI REUNION IN HPS

Our alumni reunion was nothing short of magical an evening where time seemed to pause and memories came alive. Old friends reunited after years, mentors met their former students once again, and the air was filled with laughter, stories, and shared nostalgia. Every corner of the hall echoed with heartfelt conversations, warm smiles, and even a few happy tears as familiar faces brought back cherished moments from school days.

Teachers and students embraced, rekindling bonds that had grown stronger with time rather than fading away. Over cozy refreshments, conversations flowed effortlessly as everyone reminisced about classrooms, friendships, challenges, and triumphs that shaped their journey. Moments like these remind us that being a Habibian is not just a chapter in life it's a lifelong connection that continues to grow with time. It is a bond woven through shared memories, lasting friendships, and the gratitude we carry for the lessons and values that shaped us. No matter where life takes us, the spirit of Habib remains a constant, bringing us back to the place we call home.

Once a Habibian, always a Habibian, We united by memories, strengthened by friendship, and connected by love.

## CAREER SYMPOSIUM 2025: MAPPING STUDENTS SUCCESS

Habib Public School successfully hosted Career Symposium 2025 for 350+ students from Grades 9–12. The event featured 30+ HPS alumni who returned to mentor students with valuable career and academic insights, along with 18 leading universities and colleges. Through meaningful conversations, students gained clarity on subject choices, applications, and future goals. The symposium truly reflected the enduring Habibian bond and a shared commitment to shaping confident futures.

## META OATH CEREMONY: A PROUD MOMENT OF LEADERSHIP AT HPS

In October 2025, Habib Public High School celebrated the META Oath Ceremony, welcoming a new group of student leaders. The META Program (Meaningful Experiences, Transforming Achievements) was enriched by the return of its founding alumni, who inspired students with their journeys and values. Guided by Ms. Khadija and under the leadership of Principal Mr. Minhas Tejani, students proudly took their oath to lead with integrity and purpose.
